Echo Lake Park Access Improvements

To the Commonwealth Financing Authority:

Middle Smithfield Township proposes improvements to Echo Lake Park including a new access drive, parking lot, and comfort facility. The proposed project is consistent with and advances the goals of the Middle Smithfield Township Comprehensive Plan Update, 2009.

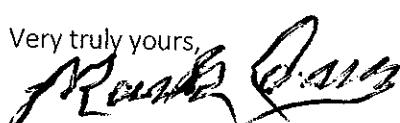

In specific regards to Parks and Recreation Facilities, the goal of the Township's Comprehensive Plan is to create adequate recreational opportunities to serve the diverse needs and desires of Township residents and visitors. The Plan includes the following objectives and strategies to advance that goal:

- Maintain and enhance existing municipally owned park and recreational facilities
- Cooperate with other organizations and agencies to encourage full use of existing recreational assets

Our proposed project will move the Township forward in maximizing the current and future recreational benefits offered at Echo Lake Park. Adding access improvements, parking, and comfort facilities will expand our park system's offering, and open recreation opportunities to a broader segment of the population.

We thank you in advance for your consideration of this project. Should you have any questions, please do not hesitate to contact us.

Very truly yours,
